(Your Presentation Date/Time and Location can be found here)

The screenshot shows a presentation details page. At the top, there is a title "My Title" with an edit icon to its right. Below the title, a red box highlights the event details: "17 Apr 2024, 14:50", "20m", and "A119 (Research Building)". To the right of these details, there are two buttons: "WG6: Network & comp..." and "WG6". Below the event details, the "Speaker" section lists "Chih-Yu Liao (NSRRC)". The "Description" section contains the text "This is my content...". The "Primary author" section also lists "Chih-Yu Liao (NSRRC)". The "Presentation Materials" section shows "There are no materials yet." and an edit icon to its right. A large red "Step5" label with an arrow points to this edit icon.

Step6: Click “Upload files”

The screenshot shows a "Manage material" dialog box. At the top, there is a title "Manage material" and a close button. Below the title, there is a section with an upload icon and the text "Add materials to the contribution. You can attach files or links using the buttons on the right." To the right of this text are two buttons: "Upload files" and "Add link". A large red "Step6" label with an arrow points to the "Upload files" button. Below this section, there is a text area containing "There are no materials yet." and a "New folder" button at the bottom right.
