

# Join XRM2022 Meeting

You can access any XRM2022 talk from your computer or mobile device through Webex. Here is the connecting to Webex instruction.

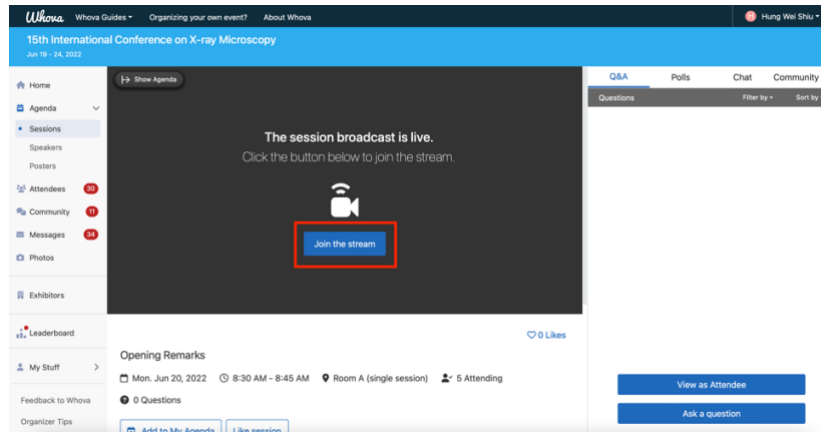

1. Go to [https://whova.com/portal/webapp/icxm\\_202206/sign\\_in/](https://whova.com/portal/webapp/icxm_202206/sign_in/) and sign up a Whova account with the email address you used for the XRM2022 registration. Please see the instruction in the [XRM2022 webpage](#).
2. Log in to “Whova” web app or mobile app, and then click **Agenda**. If you have a problem logging in to “Whova,” please contact XRM2022 LOC at [xrm2022@nsrrc.org.tw](mailto:xrm2022@nsrrc.org.tw).

3. Click **View Session** of a session you would like to access.

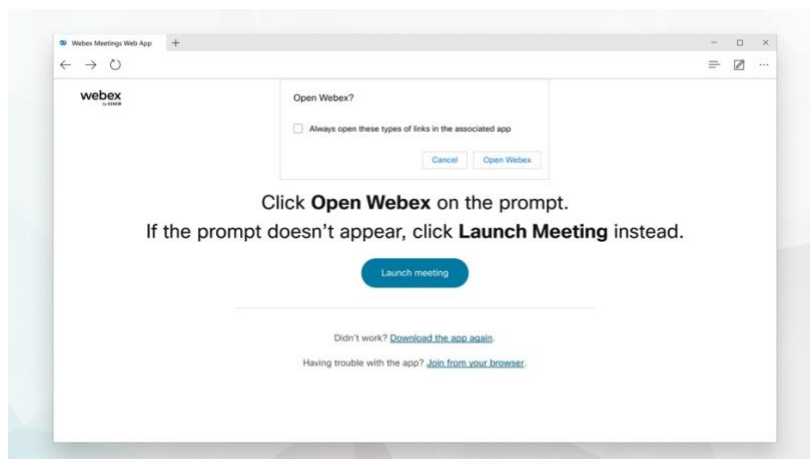

4. Click **Join the stream** at the scheduled time slot.

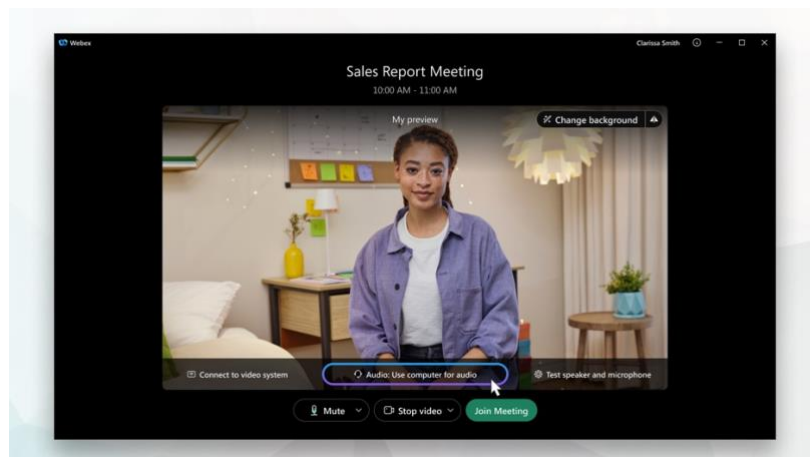

If this is the first time you're joining a Webex meeting, Webex will automatically download the app. Click the installer file to install the app and follow the instructions. If you're joining from a Linux computer or Chromebook, you aren't prompted to install anything. The meeting simply opens in your browser.

5. Click Open Webex if you're prompted to do so, otherwise click Launch meeting.

6. Enter your full name and e-mail address, then click **Join as a guest**.
7. In the preview window, make sure your audio and video works before you join the meeting. You must choose your audio devices first.

- **Use computer audio** (default)—Use your computer with a headset or speakers.

8. Click  if you are a speaker or you are selected by the chair for the questions.
9. Click  if you want to be seen in this meeting.
10. Click Join Meeting.

**Note: Please MUTE all the time if you are not a speaker, a chairperson, or selected to ask a question.**
